An update from the Career Center

A Note from Mr. Franks

Greetings from the Porter County Career Center!

Recently, Gov. Holcomb gave the date of April 6 for the statewide mask mandate to be lifted. Please know this mask mandate DOES NOT pertain to schools. All students will still be expected to properly wear their masks. Here is an [article](#) for reference.

We have reopened our vending machines here at the Career Center. Students are now able to purchase snacks from our vending machines in the Commons. The machines take cash, card, as well as ApplePay/GooglePay.

Upcoming Dates to Notice

Thomas Jefferson Middle School competed virtually in the state finals for Science Olympiad this past Saturday. They took 1st place. Congrats to Carol Haller, Richard Bender (Team Advisors) and the TJ Middle School Science Olympiad Team. Ben Franklin MS placed just outside the top teams. Congrats to them as well.

Ms. Ammons and the MOBI program

This quarter MOBI features [Porter County Career & Technical Center](#) located in Valparaiso, Indiana. Porter County Career & Technical Center is attended by high school students from ten surrounding schools who seek to earn dual credit and learn skills in the business area. Students study all areas of business including Entrepreneurship, Marketing, Management, and Economics. In the program Porter County Career & Technical Center uses Sports and Entertainment topics as well as hands-on projects such as a “Shark Tank” capstone project to apply lessons. Beth Ammons, Business & Marketing Teacher at Porter County Career & Technical Center, provided some insights about their program and partnership with MOBI.

The mission at My Own Business Institute (MOBI) is to start businesses that create jobs by providing training and resources to entrepreneurs around the world. MOBI’s popular online courses teach new entrepreneurs how to start a business and experienced entrepreneurs how to grow a business. MOBI students come from all over the world and represent every kind of business imaginable.

MOBI partners are an important part of the MOBI program! By forming partnerships with diverse communities of students around the world, MOBI can inspire entrepreneurship in ways that best meet the specific opportunities of each group, and always for free
